MOOSE PERMIT SELECTION PROCESS

- You (your group) must submit a complete application by the September 11, 2019 deadline if you wish to be considered for a moose permit in 2019.
- The Bois Forte DNR office and Conservation Committee will screen all applications. Valid applications will be separated into two groups, regular hunt and elder subsistence based lead (first) hunter.
- If more than four parties from Bois Forte apply, we will hold a lottery drawing to fill the five permits. Priority will be given to parties that did not receive a permit the previous year.
- If a person/team has won a tag from Bois Forte and from the 1854 lottery, they must choose which area they wish to hunt and rescind their application from the other.
- The first hunter listed on each application will be notified of their drawing results and will receive the permits and carcass tag if selected.

Permits (step) will be awarded as follows:

1. First priority to parties that did not receive a permit in 2018 on Bois Forte. If any member of a party which received a permit in 2018, that member's entire party will be considered as having received a permit in 2018.
2. Second priority to parties that did receive a permit in 2018, regardless of whether a moose was taken. If the number of applications in this category is greater than the number of permits remaining after step one, the permits will be awarded by a random 2nd chance drawing.
